Dear Ms Denny:

Per your letter dated November 4, 1998, [identification # C00269053] concerning an amendment to our amended April Quarterly Report (1/1/98 - 3/31/98), dated 5/12/98, the enclosed schedule H1 should satisfy the requirements we discussed on the phone yesterday [11/16/98].

Please note that all ratios remain the same with the addition of 1 point on line 7 and the deletion of 1 point from line 9. Sorry for our ignorance and misunderstanding regarding this schedule. Thank you also for the additional information for future filings.

This is a statutory committee created by state legislation in California as a local political party affiliated with a state party. Our charge by law is primarily to inform people about our party, build party loyalty, register voters and get out the vote to that end and raise sufficient funds to accomplish these tasks. On occasion, when we send a solicitation letter, someone will send us a contribution with a note on it stating that they want the money used to advance the candidacy of a specific Republican candidate for office. In that case, as a matter of ethics and honesty, we "pass through" that money to the candidate's committee.

Therefore, I have another question. Since the only activity we participate in that is regulated by the federal code is the "pass through" to committees of candidates for federal office, are we still required to file federal forms on a quarterly or semi-annual basis? It seems like a lot of extra work for both of us to prepare and look at all these items that are exempt or not subject to federal regulations. Is this a situation where a previous treasurer filed a report that wasn't necessary and since then we are caught in the mill because of that action?
